- **8 Dispenser Services per Bottle**

C.O.S. Drip dispenser and odor counteractant restroom odor control system is the ultimate system for eliminating restroom odors. This highly concentrated odor counteractant liquid is diluted 8-10 ounces of water to 1 ounce of **C.O.S.** liquid concentrate. The bottle in the drip dispenser has a line marking the right amount of liquid concentrate to use and then fill the bottle with water. Invert the bottle 2 to 3 times to mix the concentrate with the water then invert bottle and place into the drip dispenser, that's all there is to it. The wick in the dispenser will keep the dispenser dripping liquid 24 hours a day 7 days a week at a rate of approximately 1-drop every 2 ½ to 3 minutes. If you use 3 ounces of concentrate per dispenser refill – then the **Concentrated Odor Suppressant** will last 10 months – 4 ounces of concentrate per dispenser refill – then the **Concentrated Odor suppressant** will last 8 months. Item # IM390-10 Drip Dispenser. Item # IM300-1 - Orange C.O.S. Liquid. • # IM301-1 Cherry C.O.S. Liquid. • # IM302-1 Floral C.O.S. Liquid. • # IM303-1 Mint C.O.S. Liquid. • # IM304-1 Cinnamon C.O.S. Liquid
