120 GRIT- FINE  
150 GRIT- MEDIUM FINE  
180 GRIT- VERY FINE  
220 GRIT- SUPER FINE**

Screen discs are used primarily on hardwood or concrete floors. The discs sand down the old finish so that new finish can be applied. This is known as the "scour method" of refinishing a floor and is most often used on gym floors, shop or warehouse floors. Our discs are manufactured with waterproof resins & silicon carbide abrasive, assuring you of the finest quality you can buy.

**SIZES 16", 18", 20".**
