

# AS-1000

## SUPER CONCENTRATE AUTO DETERGENT

**AS-1000** is a complex formula consisting of detergents, wetting agents, water softeners, and rinse additives to effectively clean automotive vehicles. **AS-1000** removes heavily accumulated grime and road film, rinses thoroughly, and will not harm automotive finishes. **AS-1000** has a controlled pH to insure that there are no environmental concerns with the product that goes down drains.

### DIRECTIONS:

**FOAMING BRUSH--AS-1000** should be diluted with water 1 part **AS-1000** to 400 parts water for foaming brush systems. This dilution should give rich dense foam when injected with air for foaming brushes. This dilution will clean bugs and road film off automotive surfaces, it will produce a pleasant fragrance while being used. **AS-1000** should be rinse with clean clear cold water after being used. **AS-1000** is safe on all automotive finishes. **AS-1000** contains no free alkali. **AS-1000** is biodegradable and is free rinsing.

**AUTOMATIC CAR WASHES--AS-1000** should be diluted with water 1 part **AS-1000** to 1000 parts water. **AS-1000** is designed for use with pressure wash systems. **AS-1000** is effective and economical to use.

**AS-1000** cleans cars, trucks, and buses rapidly and effectively. **AS-1000** will not gum up or corrode application equipment. **AS-1000** may be diluted up to 1 part **AS-1000** to 2000 parts water for light soils. Always adjust the dilution of **AS-1000** to the amount needed to do the job you desire, both economically and effectively.

### PROPERTIES

COLOR.....RED  
ODOR.....LIME  
FOAM STABILITY.....EXCELLENT  
RINSABILITY.....VERY GOOD  
SOAP CONTENT.....NONE  
pH.....8.5  
DENSITY.....8.5  
HARD WATER TOLERANT.....YES

### SAFETY

KEEP AWAY FROM CHILDREN  
FOR INDUSTRIAL AND INSTITUTIONAL  
USE ONLY  
DO NOT TAKE INTERNALLY  
CONTROLLED pH FOR THE  
ENVIRONMENT
