

B.F.E.

**BUTYL FLOOR & EQUIPMENT
CLEANER / DEGREASER
CONCENTRATE!**

B.F.E. instantly dissolves heavy dirt, grime, oil, and grease deposits.

Shop Floors:

This multi-purpose cleaner and degreaser contains a high quality butyl combined with special detergents and builders for superior performance in hot or cold water. **B.F.E.** contains a special rinse additive and special anti-redepositing agents to clean and rinse without leaving a residue. When using **B.F.E.** dilute in warm or hot water for best performance. Spray brush or mop on, and allow the cleaner to penetrate and loosen deposits, then flush away with a clean water rinse. **B.F.E.** may be diluted from 1 part **B.F.E.** to 200 parts water. For greasy shop floors dilute 1 part to 5 parts water. If using a floor machine - **B.F.E.** may be diluted 1 part to 25 parts water. Remove difficult or hard deposits by allowing the **B.F.E.** solution to saturate for approximately five minutes, rub gently with stiff brush and rinse.

Equipment :

For degreasing equipment and greasy parts dilute **B.F.E.** 1 part to 15 parts water. Spray on surface and let product work for 5 to 8 minutes then rinse with high pressure wash or steam cleaner. **B.F.E.** also works well in a hot soak tank. This product is a amazing cleaner / degreaser.

When using B.F.E. use through a proportioning device if possible. This will make the product go farther because it will always be used properly.

Try this product it is a labor saver and cost cutter, people are amazed at the cleaning properties of B.F.E.
