

DISH-A-CLEAN

CONCENTRATED HAND DISH WASHING DETERGENT

This dish washing detergent is specifically designed for industrial, institutional, and restaurant use where fast grease emulsification and lasting suds are a must. Ideal for cleaning heavily encrusted pots and pans. Mountains of hard working suds penetrate grease and food deposits. All pots, pans, glassware and china are left spot-free and film-free. This product contains no soap, only the finest anionic and non-ionic surfactants. Although tough on grease and fat, this lotion dish wash is easy on the hands. This dish wash is also an excellent fine fabric detergent for washing synthetics such as rayon, silk, orlon, nylon and dacron.

USES & BENEFITS: Cleans glasses, china, silverware, pots and pans. Makes an excellent all purpose cleaner with remarkable cooking grease, fats and oil emulsification properties. Dish-a-clean rinses freely and never streaks, it has rich stable suds with a fresh lemon scent. Dish-a-clean is easy on the hands and is biodegradable. This product is concentrated so a little goes a long way, this also means freight savings and smaller area for stocking purposes and ease of handling.

DIRECTIONS FOR USE: To clean dishes and glasses use ½ounce to 1 ounce per gallon of water. For heavy grease and baked on food on pots and pans use 2 ounces to 3 ounces per gallon of water. Allow to soak for a few minutes. Hot water works better than cold.
