

Formula 300

- **pH controlled**
- **Low foaming – won't harm vacuum**
- **Contains corrosion inhibitors**
- **Contains non-ionic surfactants to deep clean grease & oil**
- **Contains soil anti-redepositing agents**

Fast Acting – Free Rinsing – Highly Concentrated – Pleasant Fragrance

This product is a truly heavy duty all-purpose concentrated detergent for use on every surface not harmed by water. Its controlled sudsing action quickly removes dirt, grease and grime, leaving the surface film-free. Excellent for use in automatic scrubbing machines. It is non-corrosive and non-flammable. This detergent is a synergistic blend of anionic and non-ionic surfactants along with special sequesterants and emulsifiers. The high quality of strong detergent builders in this product keep soil suspended for easy pickup by machine vacuums or when used with a wet mop. Its superior soil penetration and retention allows it to be used at very low cost per gallon use dilutions. This product may be used with hard or soft water.

Use dilutions are as follows. Heavy soil - dilute 1 part concentrate with 33 parts water. Medium soil - 1 part concentrate with 48 parts water. Light soil - 1 part concentrate with 100 parts water. This product is authorized by the USDA for use in federally inspected meat and poultry plants. Classification A-4 as a wall and floor cleaner for use in all departments. Do not use this product on waxed floors, the degreasing and cleaning quality of this product will dull or remove wax.
